of re-toration. Restoration of nearly 500 tanks in the various stages of progress in the State. For the last two years, in Kolar District, the work done is exceedingly well.

Sir, he has raised another question about desilt. It was Mysore alone that undertook this great experiment of desilting by mechanical means. No other Province or State has undertaken this. Both by mechanical means and by human agency we have desilted several tanks. Desilting by mechanical means is a new experiment and still we have not got the necessary equipment, bulldozers and so on. Even so we have made some beginning. desilting of big tanks with the help of bulldozers is almost impossible. That is the technical opinion. They say that unless we have special type of equipment, desilting of big tanks is impossible. We can desilt small tanks with 10—15 acres of atchkat and we are trying it even though the cost involved is prohibitive. There is a scheme for the restoration of tanks in different parts of the State. About 5,000 tanks are in various stages of progress. We have got annual target of about 150 to 200 tanks and we have fully achieved that target. Specially in Kolar District this work has gone on briskly. If occular demonstration is necessary, let my friend kindly tour the Kolar District once again in the company of the Executive Engineer. I am prepared to make the necessary arrangements. At least after seeing with his own eyes, let him be convinced that we are very sincere in the matter of restoration of these minor tanks. We have undertaken all short term irrigation projects. My Hon'ble friend Sri S. Kariappa can easily say what we have achieved in the course of two years. We are not going to stop; on the other hand we are going to speed up all the works as far as possible. I think my Hon'ble friend will withdraw the cut motion because he will have realised by now the manner in which we are spending money on these irrigation works.

Sri K. R. SREEKANTESWAR.—I cannot withdraw this cut motion because I am not at all satisfied.

Mr. SPEAKER.—The question is:

"That the demand be reduced by Rs. 100."

SPECIAL RESOLUTION—*contd.*

Mr. SPEAKER (The Hon'ble Sri V. Venkatappa).—Sri A. Bheemappa Naik.

Directive by the President under Article 371 of the Constitution.

Sri A. BHEEMAPPA NAIK (Chitaldrug District—General).—Sir, I beg to move.—

"That this Assembly has heard with great surprise and regret that the Central Government has issued a directive under Article 371 of the Constitution of India to the Mysore Government calling upon it to transfer the Criminal Case No. 1284 of 1951-51 in the Court of the First Class Magistrate, Civil Station, Bangalore, Government *vs* Sri L. S. Raju and others, now committed to the Court of Sessions at Bangalore, to a Court of Sessions in the State of Bombay or of Madras and it is of opinion that the directive is neither just nor called for and calls upon the State Ministry to take all necessary steps to vindicate the honour and prestige of the State of Mysore."

Mr. Speaker, kindly permit me to thank the Hon'ble Leader of the House for having taken this House into confidence and placed before it such an important matter which involves and implies grave implications both to this State and to the Central Government. The relations that Part B States have been keeping up with the Central Government have been challenged and it looks as though Mysore will have to take the lead and be a torch-bearer to answer for all Part B States in this respect.
